

Malt Reviews and Comments

Radionetworks:

Hi Paul,

Thanks for following up, the feedback in general was it went very well! From the briefing to food, ambience, service everything was low key but great.

And it was great that extra calamari was served around to the tables when it ran out on the buffet, that's always the concern with buffets!

Thanks,

Jo

George/Base FM:

Hey Paul,

Just wanted to say a BIG thank you for last night!

Everyone had a great time and we've been getting messages and e-mails all morning saying how perfect it was :)

I hope everyone was well behaved

Cheers

Westpac:

Hi Paul

We were delighted with the event on Friday at Malt ... the staff were friendly, the venue is ideal and the food and drinks went down very well ! it was a great opportunity for our staff and suppliers to relax and get to know each other a little better.

Please thank your team for their efforts.

Much appreciated.

Kind regards
Lindy
